# occasional tables

The distinctive Kwalu occasional tables have been designed to put the finishing touches on public seating areas. Choose console, coffee and end tables from our traditional, transitional and modern collections. Available in a wide range of finishes, edging and inlay designs, these signature pieces offer timeless appeal and enduring elegance.

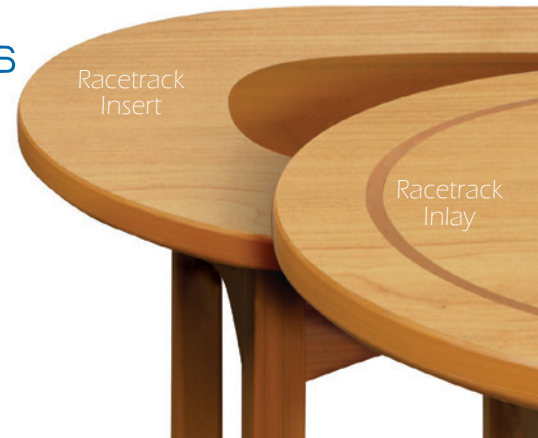

## table colors

Colors shown are a printed representation and may vary from actual samples. Please call 1-877-MY-KWALU to request chain sets of current colors. Available finish colors are subject to change without notice.

## inserts & inlays

Kwalu's inlays and inserts offer the ideal opportunity to fully customize your table's appearance. Choose from inlay and insert shapes and styles, or use one of your own designs, logos or monogram.

## contrasting colors

Kwalu's many woodgrained edging colors offer the perfect opportunity to create table tops with contrasting accents. Whether purely for the sake of style, or to assist those with limited visual acuity, our contrasting edging makes a compelling design statement.

## aprons

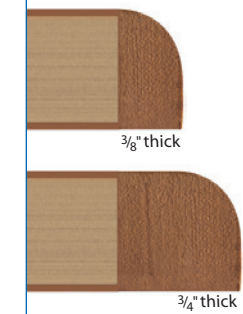

Complete the look by adding optional aprons to your Kwalu table. Choose from matching or contrasting color aprons to enhance your style. When choosing an apron, be aware that most arm chairs do not fit under standard height tables with aprons attached.

## edging types

## edge thickness

## shapes & sizes

At Kwalu, we believe the customer knows best. We manufacture to order, so you get exactly what you need, based on your specific requirements (not someone else's arbitrary standards). We welcome the opportunity to resolve your design issues with custom shapes and sizes.

# table options

Our unique Kwalu table tops are manufactured using a high-impact resistant polymer that will not chip. The wood grain effect is easily repairable, so your tables look like new, year after year. The advanced, hard-wearing finish promises attractive tables, Designed to Last®.

## Kwalu Tables Designed to Last®

### 10-Year Performance Warranty

Kwalu's unique 10-year performance warranty on construction, finish and antimicrobial product protection.

### Create Your Own Style

With custom colors, insert/inlay designs and dimensions tailored to suit the needs of your facility, it becomes clear what we mean by complete customer satisfaction.

### Designed to Last®

Kwalu is a high impact-resistant polymer that will not chip. Kwalu's wood grain effect goes the whole way through, so your walls look like new, year after year.

### Your Single Source

Only Kwalu can ensure a consistent look throughout your facility by offering complete ranges of furniture and wall protection – all made from the same Kwalu material, Designed to Last®.

### Antimicrobial Protection

Kwalu's antimicrobial product protection incorporated into the product, not sprayed on, inhibits the growth of a broad spectrum of odor causing bacteria and protects our furniture from stains and product deterioration over time.
