 66 Ext. Depth

Features

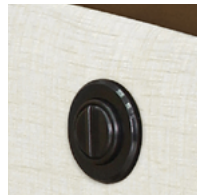

Motorized Trendelenburg Recliner

The Motorized Trendelenburg Recliner fully extends to a depth of 66 inches.

Concealed Cleanout

Concealed cleanout eliminates a debris build-up behind the seat cushion.

2 Button Control

Power recline is activated by pressing the 2 button control on the side of the chair.

Optional Push Bar

Add the optional push bar across the top of the chair back to aid staff in positioning the chair.

Optional Side Folding Table

An optional side folding table is available on the right side only.

Optional Side Folding Arm

To aid in easy transfer of user, an optional side folding arm is available on the left arm only. The folding feature is triggered by a latch inside the arm.
