Bariatric – 46W Tall Back

In any healthcare setting where two would like to sit comfortably together, the Valdina Bariatric – 46W Tall Back is a beautiful solution. The single back and seat cushion are just wide enough for a parent and small child. Built for maximum stability and strength, utilizing our steel reinforced joint system, this thoughtfully designed chair is available in two back heights. The chair back extends to the seat rail and the cleanout is incorporated behind the seat cushion providing a clean, functional look.

Model: VLDFIXB46P

Features

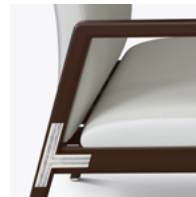

Nightingale Award

Kwalu's GetWell Patient Room was awarded a Nightingale Innovation Award for Surfacing Material

Durable Finish

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

Steel Reinforced

Our patented steel reinforced joint system uses over 20 pieces of steel in most Kwalu chairs. Stop ongoing and costly furniture replacement.

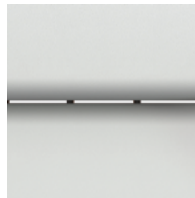

Wallsaver

Wallsaver back legs help keep walls in pristine condition.

Weight Capacity

The Valdina Bariatric 46W chair is rated to 525 lbs weight capacity.

Visible Cleanout

Cleanout is incorporated behind seat cushion to prevent buildup of debris while providing a clean look.

Seat Cushion is Field Replaceable

The seat cushion can be replaced in the field.

Optional Closed Arm Panels

Available with or without upholstered arm panels.
